## Pastor Training Program for Aramaic

*The Pastor Training Program for Aramaic is Jesus Spoke Aramaic's flagship 12-month Study Program designed to provide Pastors, Ministers, Teachers, Church Leaders or Seminary Lecturers with the knowledge, skills and resources you need to teach Aramaic to your own Bible students and/or committed Bible believers. It is also suitable for highly motivated individuals who have a passion for learning Aramaic, who ideally already know some Hebrew, and who want to progress faster and further than is possible with any other method.*

*Over this 12 month Study Program, you will leverage your existing knowledge of the Bible, and of Hebrew and Greek, to not only learn the core grammar of the Aramaic New Testament, but also to learn potentially thousands of words of vocabulary. Using techniques from our Private Coaching Program, you will steer your learning towards any and all aspects of Aramaic that are of interest to you and/or the group, to benefit your ability to teach Aramaic to others.*

*Not only will you leverage the uniquely effective methods taught by Jesus Spoke Aramaic to learn HOW to learn Aramaic yourself, and HOW to teach it to others, you will truly be empowered to understand how Aramaic complements Bible study, including Hebrew and Greek, and how you can leverage all Original Languages together to inform your Bible study in the future, running your own classes if desired.*

*Learning Aramaic takes time, and this Study Program will provide you with the skills, methodology, knowledge and approach you need to be able to read and understand the Aramaic New Testament effectively, using a Lexicon or similar resources when necessary.*

## Who is the Pastor Training Program for?

Few today understand the incredible heritage that Aramaic has to offer Bible students of all levels. Despite being inter-woven into the Biblical text and the cultural history of both the Old and New Testaments, Aramaic is today massively under-represented in Bible studies and today's generation of Bible studies. Ewan's mission in life is to change all that, to ensure that Aramaic is better known and understood by today's generation of Bible students, and that it regains its rightful place at the heart of the study of God's Word.

This Pastor Training Program is for enthusiastic Pastors, Ministers, Lecturers and Church Leaders across the world who share that vision, and who want to understand Aramaic and how it can be used for Biblical exegesis and the interpretation of Bible passages. Aramaic is almost unknown by today's generation of Bible students.

By taking part in this Study Program, you will be inspired to understand the full importance of Aramaic, and to understand Aramaic more deeply than ever before. The Program will be individually tailored to you, allowing you to leverage any and all existing knowledge.

If you long for a closer relationship with God and with His son Jesus, to know Jesus better and serve him more faithfully, and to establish a closer spiritual connection with the Bible as the inspired Word of God, the **Pastor Training Program for Aramaic** is designed specially with you in mind.
